

Hi Joseph,

This time of year, many organizations are managing employee performance reviews and struggling with the performance review process. You may be experiencing the same.

The good news is that there is now a software solution that allows you to:

- Replace manual performance reviews with an electronic version
- Automate notification of due dates to eliminate manual tracking
- Standardize and implement performance reviews to ensure consistent use of "best practices"

My company, Intelladon, offers the Cornerstone OnDemand Performance Management solution. It is completely web-based - no hardware or software to install or maintain - which enables quick implementation at a low monthly cost.

I would like to schedule a five-minute conversation to discuss your needs and how we can help. Please reply or call (813) 814-2345 with a few dates/times that work for you.

Thanks for your time. I look forward to hearing from you.

Sincerely,

Marc Blumenthal
