F

Are You Ready For
2009's Federal E-Verify Law?

New regulations requiring federal contractors to use E-Verify go into effect on **Jan. 15, 2009**. More states require all employers to use E-Verify. The numbers all point to 2009 as the year to move your company onto an electronic Form I-9/E-Verify program:

26: Number of states with mandatory E-Verify laws pending or passed

$1,000: Potential fine for each Form I-9 error self-auditing software prevents

220,000: Estimated number of US employers that will have to use E-Verify

- *Does your company have any contracts with a federal agency?*

- *Do you have any employees in one of the subject states?*

For **free compliance guidelines and updates**, click here to go to our E-Verify and I-9 News Blog. Learn about the best ways to implement electronic I-9 forms at your organization and be ready to go E-Verify.
