

## The E-Verify Form I-9 Solution You Can *Trust*

**Electronic verification** of Form I-9 is already required in many states, and will soon be legislated for many more. As a proactive HR manager, you want to stay ahead of the curve. You need an I-9 solution that has the auditing, reminder, reporting, and reverification features of an online form, with the **security** of an in-house server solution and the **flexibility** of a hosted solution. You need [Tracker I-9](#), now.

### From the Software Preferred by Global Companies and Top Immigration Attorneys *Since 1998*

With [Tracker I-9](#) you can:

- Prevent mistakes commonly made with the paper Form I-9.
- Receive notification of changes requiring Form I-9 reverification.
- Rest assured knowing [your data is secure](#) and supported by experts.
- Collect company-wide I-9 records electronically to reduce cost and make centralized auditing a reality.

#### Best Practices for a Corporate I-9 Program

Get the whitepaper: [Best Practices for a Corporate I-9 Program](#). It will help enhance and systematize your company's I-9 process.
